Typescript — Proficient

Java — Competent

🔗 Frameworks / Libraries

React — Proficient

NextJs — Proficient

NodeJs — Proficient

Tailwind CSS — Proficient

💻 Technologies / Platforms

Git/Github — Expert

Linux/Unix — Proficient

🗄️ Databases

MongoDB — Expert

MySQL — Expert

PostgreSQL — Competent

📁 Projects

Xora-SaaS Website 📄

Xora is a fully responsive, modern SaaS website designed for optimal user experience across all devices, including mobile phones and tablets.

Chatbot-App 📄

Developed a full-stack chatbot application with user authentication (login/signup). Integrated responsive design, real-time messaging, and backend support for data storage and user management.

Weather-Dashboard 📄

The Weather Dashboard is a fully responsive application built with React and styled with CSS. It provides users with real-time weather data, including temperature, wind speed, and humidity, for a specific city searched by the user.
